Our Philosophy: (From the Camp Director)

We are passionate about hockey – the greatest game on Earth! Our mission is to impart that passion to players of all ages and abilities, both on and off the ice. We bring together an unparalleled staff of experienced coaches, teachers and former players who will help every participant grow as a player and as an individual. Our curriculum is proven, we will challenge players to work hard and improve, and they WILL have fun! Our success is judged by the smiles on their faces and sweat on their brows at the end of each day!

- Rob Schriener, Hockey School Director

Our Goals:

The Columbus Blue Jackets Hockey School will concentrate on the fundamentals of skating, stick handling, and passing; with special instruction on positional play and power skating. Young players will develop solid, fundamental skills that will build a strong foundation for their entire hockey career. Older players will focus on advanced passing, shooting, skating, and stick handling skills while also working on team play and proper checking techniques.

The Blue Jackets Summer Hockey School does a great job of teaching the basics that we still work on at the NHL level to help campers improve their skill.
» Head Coach Todd Richards
